Dear Mr. Trombetta:

Thank you for contributing your time, talent and resources to the Boulder City 4th of July Damboree celebration. The parade entry and performance in the park were awesome. Feedback from the community indicates your contribution was well received and appreciated.

The Boulder City 4th of July Damboree celebration is the longest running 4th of July celebration in the state. It's through this type of tradition that we solidify the foundation of our community.

As we may not be tuned in to each and every person in your organization that contributed to this project, we ask that you extend our heart-felt appreciation to him or her. Again, thank you for your support. We look forward to offering many years of quality programming at the Boulder City 4th of July Damboree.

Sincerely,

Patty Sullivan
